BRIEF ABSTRACT OF LETTER.

Enquires whether he can report in his off Capacity on the condition & prospects of the plantation of the Bangalore Fruit Company

NOTES AND ORDERS.

1. It is stated that the Economic Botanists' report is required for being published with a prospectus to be issued by the Bangalore Fruit Co for making the Concern into a limited Liability Company.

2. It is a well-known rule that no Govt Officer should accept other duties without the express sanction of Govt & Mr Kumbigal may therefore inspect the plantations only with the permission of Govt.

It is a question for consideration whether it is desirable to allow an Officer who holds a certain recognised position in the State as an expert in certain depts to undertake such work when his primary duty is to attend to the objects primarily the plantations but in order to influence and attract subscribers of capital The case seems to be one in which it is advisable that Mr Kumbigal should not make a report & even if he is permitted to do so it must be made clear that it will

3. I agree in the views stated above
except that I think that ~~the~~ if the
inspection & report is permitted the remuneration

to be said against Mr Krumbiegel
giving technical advice to planters

is another thing for him to

position to decide if Mr Scovell
made his application to Govt
instead of requesting Mr Krumbiegel
directly.

I do not quite understand what Mr Krumbiegel means by saying that he wants to give the report in his official capacity. If the Economic Botanist to the Mysore Govt in his official capacity makes certain declarations, the public may be misled to think that they have the approval of the Govt of Mysore. That course is not desirable. If any report is given it should be distinctly understood to contain Mr Krumbiegel's private opinion as an expert.

6 Experts in any department are not numerous in this country and when a Govt happens to have in its service a high class expert, his services

should be made available as far as practicable to those who may require them in the interests of the economic development of the Country. If the work can be done by Mr K without prejudice to his legitimate work under Govt no serious objection need be raised

As regards remuneration the rule in the subject is contained in Art 52(a) M.S.R. It seems from Mr Sewell's letter of 15.11.1910 that Mr Krumbiegel undertook the work without the sanction of Govt. If so, he has forfeited all claims in the matter of ~~the~~ ~~right of~~ receiving a fee. But there is no objection to Govt confirming the omission & passing such orders as may seem to them to be in accordance with the spirit of Art 52 (a) M.S.R.

I can see no objection to permitting Mr Hemchiegel to inspect & report upon the property in his private capacity and not as Economic Depn Botanist to the Govt of Mysore. This must be specifically mentioned in the report. There is nothing improper in granting the permission. Only it should be made clear that it is not an official opinion. The question of fee may
